

What is strange about Maths?

Dear Algebra:
Please stop asking us to
find your x , she is not
coming back!
We don't know Y either.

Math.
The only place
where people buy 60
watermelons
and no one
wonders why.

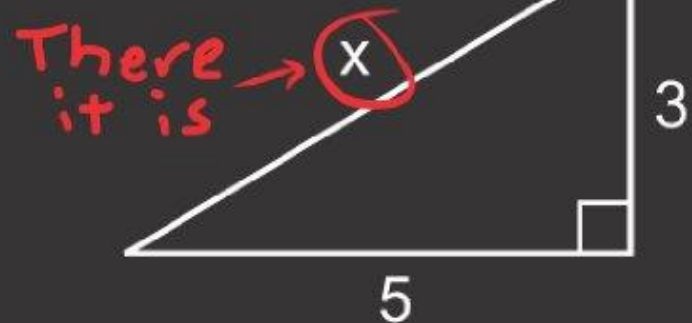

How I see math word problems: If
you have 4 pencils and I have 7
apples, how many
pancakes will fit on
the roof? Purple,
because aliens don't
wear hats.

Maths Myth

The biggest **myth** about Maths is that it is something that you either can or **cannot do**.

- This is definitely not true!
- Maths is about investigating and discovering.
- It is about making mistakes.

What Kind of Mindset Do You Have?

I can learn anything I want to.
When I'm frustrated, I persevere.
I want to challenge myself.
When I fail, I learn.
Tell me I try hard.
If you succeed, I'm inspired.
My effort and attitude determine everything.

I'm either good at it, or I'm not.
When I'm frustrated, I give up.
I don't like to be challenged.
When I fail, I'm no good.
Tell me I'm smart.
If you succeed, I feel threatened.
My abilities determine everything.

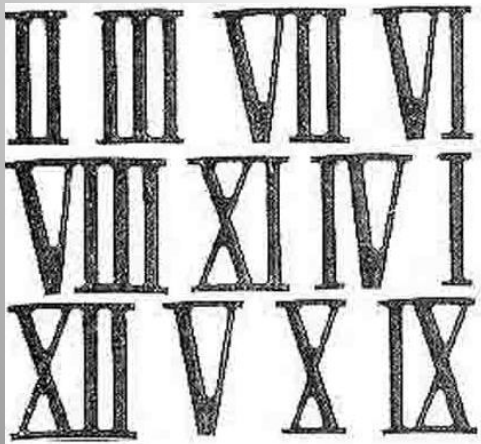

Mathematicians have changed the
world...

Leonardo Fibonacci
Most famous for the Fibonacci
sequence.
